

How does the MCS referral bonus program work?

First, you must complete the “Referred By” and “Referral” Section below. All required fields need to be completed for a successful registration. Remember, any information you provide will be kept confidential *unless* you choose the “Not Confidential” field. Be sure all information is correct in both sections as this is the only way to verify your registration.

Upon receipt of your referral, the name will be checked in our database. If the name does not appear it will be added with your name attached to it. If/when this person is placed you will receive \$500.00 upon completion of their 6th month.

There is no limit to the number of referrals or bonuses you can receive.
